MOCKUP

SCREEN	WIREFRAME	MOCKUP	WHAT CHANGE?
Home			Not so much changed besides how the some parts are placed higher or lower
Profile			What changed the most is the visual of the some boxes, I was planning to keep it simple and words only but decided to add icons and bars to make it feel less empty

Battle	exit Enemy Stats Question and Answer (ATTACK!!) Player Stats battle log:		I added more visual aspects to make it more alive than leave it with empty spaces of just words
Result	RESULT STAT FULL RESULT STATS LVL: XP: SCORE: RETRY MAIN MENU		I kept it the same things since I think it does not really matter much besides the results earned.
